SYLLABUS / 2013 EDITION

**The Royal
Conservatory®**
The finest instrument is the mind.

Message from the President

The Royal Conservatory of Music was founded in 1886 with the idea that a single institution could bind the people of a nation together with the common thread of shared musical experience. More than a century later, we continue to build and expand on this vision.

Today, The Royal Conservatory is recognized in communities across North America for outstanding service to students, teachers, and parents, as well as strict adherence to high academic standards through a variety of activities—teaching, examining, publishing, research, and community outreach.

Our students and teachers benefit from a curriculum based on more than 125 years of commitment to the highest pedagogical objectives. The strength of the curriculum is reinforced by the distinguished College of Examiners—a group of fine musicians and teachers who have been carefully selected from across Canada, the United States, and abroad for their demonstrated skill and professionalism. A rigorous examiner apprenticeship program, combined with regular evaluation procedures, ensures consistency and an examination experience of the highest quality for candidates.

As you pursue your studies or teach others, you become not only an important partner with The Royal Conservatory in the development of creativity, discipline, and goal-setting, but also an active participant, experiencing the transcendent qualities of music itself. In a society where our day-to-day lives can become rote and routine, the human need to find self-fulfillment and to engage in creative activity has never been more necessary. The Royal Conservatory will continue to be an active partner and supporter in your musical journey of self-expression and self-discovery.

Dr. Peter C. Simon
President

Da Capo Signs and Repeats

- When performing repertoire in an examination, candidates should observe *da capo* and *dal segno* signs, unless stated otherwise in the *Viola Syllabus, 2013 Edition*.
- Repeat signs should be observed *only* if indicated in the *Viola Syllabus, 2013 Edition* or in *Viola Series, 2013 Edition*.

Memory

At Preparatory through Grade 6, six marks are awarded for the memorization of repertoire.

- In Preparatory, Grade 1, and Grade 2, three marks are awarded for each repertoire selection performed by memory.
- In Grades 3 and 4, two marks are awarded for each repertoire selection performed by memory.
- In Grades 5 and 6, three marks are awarded for each repertoire selection from Lists A and C performed by memory. List B selections need not be memorized and no extra marks will be awarded for memorization.

At Grade 7 through ARCT, candidates are expected to perform all repertoire by memory, with the exception of List B selections, which do not need to be memorized.

- A memory mark deduction of 10 percent per repertoire selection will be made for pieces from Lists A, C, and D that are performed with music.
- List B selections need not be memorized, and no extra marks will be awarded for memorization.

Accompaniment

All selections requiring accompaniment must be performed with piano accompaniment only. No other instruments are permitted. Recorded accompaniment is not permitted.

Candidates must provide their own collaborative pianists. Collaborative pianists are permitted in the examination room only while they are playing accompaniments for the candidate.

Repertoire Substitutions

Viola candidates at Grades 1 through ARCT have the option of substituting *one* repertoire selection at each examination with a selection of their own choice. Repertoire substitutions for Viola fall under the following categories.

Syllabus Substitutions

Candidates in Grades 1 through 10 may substitute *one* repertoire selection from the grade immediately above without prior approval. The repertoire substitution must normally be chosen from the corresponding List of the grade immediately above the candidate's official grade. For example, a Grade 6 List A selection may be performed in place of a Grade 5 List A selection.

However, candidates should ensure that the substitution piece complies with the genre or stylistic period intended for the List in the grade to be examined (see *Syllabus Repertoire Lists* on p. 9). Please note that the performance of repertoire substitutions chosen from a higher grade will be evaluated at the standard of the higher grade.

Non-Syllabus Substitutions Requiring Approval

Viola candidates may apply to substitute one repertoire selection not listed in the *Viola Syllabus, 2013 Edition* with a work that is comparable in style and difficulty. The substitute repertoire selection must be of comparable length and musical quality to selections in the specified List. Approval of such selections is based on the suitability of the style and the level of difficulty of the substitute composition.

Candidates wishing to include a substitute selection on their examination programs must complete an Examination Substitute Piece Request Form (available at www.examinations.rcmusic.ca) by the examination registration deadline. Candidates are advised to prepare an alternate work in case the request is denied.

- Send the completed form together with the appropriate fee and a copy of the substitute piece to The Royal Conservatory. (Photocopies used for this purpose should be marked “For Approval Only”; these copies will be destroyed once a decision has been made.) Any published music submitted will be returned to the candidate along with the approval form.
- Bring the approved Examination Substitute Piece Request Form to your examination and give it to the examiner.
- Please note that marks will be deducted from the final examination mark for any unapproved *Non-Syllabus* substitution or for any *Syllabus* substitution that does not follow the guidelines provided above.

Orchestral Excerpts

All orchestral excerpts listed in the *Viola Syllabus, 2013 Edition* are included in *Viola Series, 2013 Edition: Orchestral Excerpts*. Alternatively, candidates may select the specified passages from standard Viola orchestral parts.

Candidates are expected to play chords as they would in an orchestral setting. Unless specifically marked “*non divisi*,” candidates should play the upper note only, or the upper two notes of three- or four-note chords.

Orchestral excerpts need not be memorized, and no extra marks will be awarded for memorization. For further details on examination requirements for orchestral excerpts, please consult the listings for each grade.

Rests should be counted in a consistent tempo. However, when the rests are lengthy (exceeding ten seconds), candidates may take a brief general pause and then continue.

Technical Requirements

Etudes

A selection of etudes for Preparatory through Grade 8 is published in *Viola Series, 2013 Edition: Viola Etudes* (Preparatory–4 and 5–8). Etudes need not be memorized, and no extra marks will be awarded for memorization. For further details on examination requirements for etudes, please consult the listings for each grade.

Candidates are responsible for ensuring that selections taken from sources originally composed for violin (or other instruments) have been correctly transposed for the viola.

Technical Tests

Complete technical tests for Preparatory through Grade 10 are published in *Viola Series, 2013 Edition: Viola Technique*. Technical tests (scales, arpeggios, and scales in double stops) must be played from memory. For further details on examination requirements for technical tests, please consult the listings for each grade.

General Instructions

- The examiner will choose a representative sampling of items on the technical requirements list.
- Metronome speeds are intended as a guideline. The tempo should be compatible with the required number of notes per bow, a clear and sonorous tone, controlled rhythm, and precise intonation.
- The fingering shown in *Viola Series, 2013 Edition: Viola Technique* is recommended but not compulsory. Any logical fingering pattern is acceptable.

- One- and two-octave scales must be played with the patterns shown in the *Viola Syllabus, 2013 Edition* and in *Viola Series, 2013 Edition: Viola Technique*.
- Three-octave scales in Grades 6 through 8 must be played using the following pattern, with the required number of notes per bow as stipulated in the *Viola Syllabus, 2013 Edition*.

- Three-octave scales in Grades 9 and 10 must be played using the Galamian Pattern, with the required number of notes per bow as stipulated in the *Viola Syllabus, 2013 Edition*.

Grade-by-Grade Requirements

Preparatory

Candidates at the Preparatory level should be playing with balanced, flexible posture and bow hold, allowing the student to produce a clear tone by bowing well on track. There should be evidence of a steady, rhythmic pulse. *Legato*, *staccato*, and slurs are introduced, as are basic contrasting dynamic levels.

Credits and Refunds for Missed Examinations

Credits (formerly called “fee extensions”) and refunds are only granted in two specific situations. Candidates who are unable to attend an examination for medical reasons or because of a scheduling conflict with a school examination are eligible to request *either* an examination credit for the full amount of the examination fee *or* a fifty percent refund of the examination fee.

Requests for examination credits or refunds must be made to The Royal Conservatory *in writing* and be accompanied by the following documentation:

- for medical reasons—a physician’s letter and the candidate’s examination schedule
- for direct time conflicts with school examinations—a letter from a school official on school letterhead and the candidate’s Examination Schedule.

Candidates who, for any reason, are unable to attend an examination should contact the Centre Representative listed on their Examination Schedule immediately.

Candidates must provide their own collaborative pianist in order for an examination to proceed.

Candidates must provide the examiner with an original, published copy of all music to be performed at the examination.

Recording devices and cell phones are strictly prohibited in the examination room.

All requests must be submitted by mail or fax within two weeks following the examination. Requests received after this time will be denied.

The Special Needs Request Form is available online at www.examinations.rcmusic.ca.

Please note that results will neither be mailed nor provided by telephone.

Examination Credit

An examination credit (formerly called a “fee extension”) may be applied to the fee of a future examination. Examination credits are valid for *one year* from the date of the original scheduled examination. Examination credits can be redeemed when the candidate registers for his or her next examination. The credit will be automatically applied during the online registration process. *Please note that credits are not transferrable and may not be extended beyond one year.*

Fee Refund

Candidates who know at the time they are applying for an examination credit that they will not be able to make use of it within the one-year time period may instead apply for a refund of fifty percent of the examination fee.

Requests for examination refunds or credits must be made to The Royal Conservatory in writing and be accompanied by the necessary documentation (see above). *All requests must be submitted by mail or by fax within two weeks following the scheduled examination date.*

Candidates with Special Needs

Candidates with special needs should submit a Special Needs Request Form, by mail or by fax, to The Royal Conservatory before the registration deadline. Each case will be assessed individually.

Candidates may receive help in and out of the examination room if required. Please note that helpers must normally remain in the waiting area during the actual examination.

Examination Results

Candidates and teachers can access examination marks online within approximately four weeks of the examination date. Access to complete examination results, with comments and marks, will be available no later than eight weeks after the examination date.

Teachers may access their students’ examination results by visiting www.examinations.rcmusic.ca.

Official transcripts are available upon written request to The Royal Conservatory and payment of the requisite fee. (The Official Transcript Request Form may be downloaded from the website.)

Interpreting Examination Results

All candidates may access their complete, official results (including examiners’ comments) online no later than eight weeks after the examination has taken place. The examiner’s report explains in general terms how the official mark was calculated, and provides information to support candidates in their future musical development. The official mark reflects the examiner’s evaluation of the candidate’s performance during the examination, which cannot be reconstructed. Appeals are considered only in the event of a serious procedural irregularity, and only upon completion of the official Appeals Process.

Classification of Official Marks

First Class Honors with Distinction	90–100
First Class Honors	80–89
Honors	70–79
Pass (Preparatory and Grades 1–10)	60–69
Insufficient to Pass	50–59

Please note: in cases where the total mark would be under 50, the candidate receives the examiner’s comments only: further preparation is deemed necessary for assessment.

Marking Criteria for Performance of Repertoire

First Class Honors with Distinction: 90–100

This standing is awarded for exceptional performances that are confident and communicative, while demonstrating technical command, insightful awareness of style, and convincing musical interpretation.

First Class Honors: 80–89

This standing is awarded for performances that are musically engaging, show thoughtful preparation, and demonstrate technical security, stylistic understanding, and musical awareness. There is quick recovery from any minor slips or brief lapses.

Honors: 70–79

This standing is awarded for performances that are generally secure and fluent, indicate careful preparation, and reflect some awareness of style and musical understanding. There may be occasional slips or lapses, with room for further development of technical control and attention to musical details.

Pass: 60–69

This standing is awarded for performances that exhibit a basic level of preparation. There may be slips or lapses, loss of continuity, unresolved technical issues, and a lack of attention to musical details. The examiner's report will identify areas that require further study and exploration.

Insufficient to Pass: 50–59

The performance is a work in progress. There are many errors, slips, and stumbles disturbing the continuity. Although some aspects of the performance may show basic preparation, a satisfactory performance requires more consistent fluency and attention to both musical elements and markings in the score.

Marks Below 50

The performance is not yet ready for assessment due to insufficient preparation.

- In Grades 7 through ARCT, the figures in parentheses for Lists A, C, and D indicate the marks that will be deducted for selections that are not memorized.
- To qualify for the ARCT examination, Grade 10 candidates must achieve either an overall mark of 75 *or* a minimum of 70 percent in each section of the examination. (In the “Table of Marks,” 70-percent figures are given in bold parentheses.)
- Candidates for the ARCT in Viola Performance must achieve an overall mark of 70 in order to pass.

Supplemental Examinations

Improve an Examination Mark

Candidates seeking to improve their Grade 10 mark may take up to *two* Supplemental Examinations.

- Supplemental Examinations must be taken within two years of the original examination.
- Supplemental Examinations are given during regular examination sessions.
- Candidates in Grade 10 may repeat any *two* sections of a practical examination: Repertoire, Orchestral Excerpts, Technical Requirements, Ear Tests, or Sight Reading.
- To be eligible for a Supplemental Examination in Grade 10, candidates must achieve a minimum mark of 65 overall.

Split Grade 10 Practical Examinations

Beginning in the 2013–2014 academic year, candidates may choose to take the Grade 10 Viola examination in two separate segments: one consisting entirely of Repertoire; the other consisting of Technical Requirements, including Etudes and Technical Tests, as well as Ear Tests, Sight Reading, and Orchestral Excerpts. The division of material in the split Grade 10 examination cannot be altered. However, candidates may choose which segment to take first.

Candidates for the split Grade 10 examination must complete all practical examination requirements within two years of the initial examination segment. Candidates for the split Grade 10 examination may schedule their examinations within the same session or in different sessions; however, both segments of the split Grade 10 examination and any supplemental examinations must be completed within the two-year period. Candidates who choose the split format must complete both segments before registering for any supplemental examinations. All theory co-requisites for the Grade 10 examination must be completed within five years of the initial Grade 10 practical examination segment. Only candidates who take the complete Grade 10 examination (without the split) will be eligible to receive a regional gold medal.

Practical Examination Certificates

Certificates are awarded to candidates who successfully complete the requirements for their grade.

Beginning in Grade 5, certificates are awarded *after* both the theory co-requisites and the practical examination for that grade have been successfully completed. Theory co-requisites must be completed within five years of the original practical examination.

Medals

The academic year runs from September to August. Each academic year, gold medals are awarded to candidates who achieve exceptional examination results. No application is required.

Gold Medals

Gold medals are awarded by province or region to candidates in Preparatory and Grades 1 to 10 who receive the highest marks for the respective practical examinations. To be eligible, a candidate must receive a minimum mark of 80 percent in the practical examination and have completed all the theory co-requisites for the respective grade.

ARCT Gold Medals

A gold medal is awarded to the graduating ARCT in Viola Performance candidate who receives the highest mark across Canada for the practical examination. To be eligible, a candidate must receive:

- A minimum of 85 percent in the practical examination
- A minimum of 70 percent in each theory co-requisite examination

Candidates in Grade 10 must complete the Grade 10 theory co-requisites within five years of the *original practical examination*, not any subsequent supplemental examinations.

Please note that ARCT diplomas are awarded to candidates at the annual Convocation ceremony. Candidates may not use the official designation “ARCT” before Convocation

A gold medal for excellence in theory is also awarded to the graduating ARCT candidate who completes the theory examinations listed below with the highest average mark. To be eligible, a candidate must receive a minimum overall average of 80 percent for the eight examinations.

School Credits

The Royal Conservatory examination results can sometimes be used as a credit toward high school graduation or toward university entrance. In Canada, the policies of provincial education ministries can be found online under “Candidate Recognition, Accreditation.” Candidates are advised to discuss the eligibility of their examination results with their school principal or guidance counselor.

RESPs

Use of Education Funds for Music Studies

Candidates who have a Registered Education Savings Plan (RESP) may be eligible to use these funds to support private studies in music at the Grade 9, Grade 10, and/or ARCT levels. Candidates should consult their RESP providers for more information.

Editions

For many repertoire items, the *Syllabus* listing includes a suggested edition (indicated by an assigned publisher abbreviation). These editions have been chosen for their quality and for their availability in North America.

The Royal Conservatory strongly encourages the use of modern editions. These editions benefit from current scholarship and provide a reliable basis for study and performance. However, if a student has purchased an online edition or downloaded a free edition which is in the public domain, they must provide either proof of payment, in the case of purchased editions, or proof of legal, free download, in the case of online editions in the public domain.

Fingering, bowing, and other editorial markings vary from edition to edition. Examination marks will not be deducted for altering these editorial suggestions as long as the resulting change is musically acceptable.

Availability

The Royal Conservatory has made every effort to ensure that the materials listed in the *Viola Syllabus, 2013 Edition* are in print and available at leading music retailers throughout North America. If you experience difficulty in obtaining viola music in your community, you may visit www.frederickharrismusic.com to find a listing of additional music retailers near you.

Anthologies and Collections

If a repertoire selection is published in a collection of a composer's music or in an anthology containing music by a number of composers, the title of the collection or anthology is usually included in the *Syllabus* listing. Individual selections may also be found in other sources. In order to save space, the words "volume" and "book" have usually been omitted; a number following a title indicates the number of the volume, book, or set number in which a selection can be found (for example, *Suzuki Viola School, Revised Edition*, 2).

Viola Series, 2013 Edition

In order to ensure the ready availability of high-quality examination materials, The Frederick Harris Music Co., Limited has published *Viola Series, 2013 Edition*. This series includes nine volumes of *Viola Repertoire* (Preparatory through Grade 8) with recordings; one volume of *Viola Technique* (Preparatory–Grade 10); two volumes of *Viola Etudes* (Preparatory–Grade 4; Grades 5–8); and one volume of *Orchestral Excerpts* (Grades 7–ARCT).

Copyright and Photocopying

Federal and international copyright laws prohibit the use of photocopies without the permission of the publisher or website. The use of unauthorized photocopies for examination purposes constitutes copyright infringement as outlined in the Copyright Act of Canada. Additional information about federal copyright law is available online through the Copyright Board of Canada at www.cb-cda.gc.ca.

Candidates should bring all music to be performed to the examination. Candidates who wish to photocopy one page of a selection to facilitate a page turn must do so with permission from the publisher.

With this notice, The Frederick Harris Music Co., Limited grants permission to festival, recital, and examination participants to photocopy single pages from their publications to facilitate a page turn.

Please note that photocopied music will not be permitted in the examination room. Candidates who bring unauthorized photocopies to the examination will not be examined.

Thematic Catalogues

Opus numbers and Catalogue Numbers

Opus (op.) is a term used with a number to designate the position of a given work in the chronological sequence of works by the composer. However, these numbers are often an unreliable guide and may have been assigned by a publisher rather than the composer. Sometimes a single work will have conflicting opus numbers. Certain genres, such as operas and other vocal works, were not always assigned opus numbers. For these reasons, individual works by a number of composers are identified by numbers assigned in scholarly thematic catalogues. A number of the more important thematic catalogues are listed below.

Johann Sebastian Bach

Works by J.S. Bach are identified by BWV numbers (for example, Partita No. 2 in D Minor, BWV, 1004). BWV is the abbreviation for *Bach-Werke-Verzeichnis*, the short title of the *Thematisch-systematisches Verzeichnis der musikalischen Werke von Johann Sebastian Bach* (Leipzig, 1950), a thematic catalogue of Bach's complete works originally compiled by the German music librarian Wolfgang Schmieder.

George Frideric Handel

Works by George Frideric Handel are identified by HWV numbers (for example, Sonata No. 2 in G Minor, HWV 368). HWV is an abbreviation for *Handel Werke Verzeichnis*. The full title for this thematic catalogue, compiled by Margaret and Walter Eisen, is *Händel-Handbuch, gleichzeitig Suppl. zu Hallische Händel-Ausgabe* (Kassel: Bärenreiter, 1978–1986).

Franz Joseph Haydn

Works by Haydn are identified by Hoboken numbers (for example, String Quartet in C Major ("The Bird"), Hob. III:39). Anthony van Hoboken was a Dutch musicologist. His thematic catalogue, *Joseph Haydn: Thematisch-bibliographisches Werkverzeichnis* (Mainz, B. Schott, 1957–1971) divides Haydn's works into a number of categories that are indicated by Roman numerals.

Wolfgang Amadeus Mozart

Works by Mozart are identified by K numbers (for example, Symphony No. 25 in G Minor, K 183). "K" stands for *Köchel Verzeichnis* first published in 1862. Ludwig Ritter von Köchel (1800–1877) was an Austrian professor of botany who devoted his retirement years to collecting all the known works by Mozart. He created a chronological catalogue in which these works are listed and numbered.

Henry Purcell

Works by Henry Purcell are identified by Z numbers (for example, Minuet in G Major, Z 651). These numbers were assigned by Franklin B. Zimmerman in his thematic catalogue of Purcell's works, *Henry Purcell: An Analytical Catalogue of his Music* (London: MacMillan, 1963).

Franz Schubert

Works by Schubert are identified by Deutsch numbers (for example, String Quartet No. 14 in D Minor ("Death and the Maiden"), D 810). These numbers were assigned by Otto Erich Deutsch (1883–1967) in his thematic catalogue of Schubert's works, *Thematisches Verzeichnis seiner Werke in chronologischer Folge* (*Neue Schubert Ausgabe* Serie VIII, Bd. 4, Kassel, 1978).

Georg Philipp Telemann

Works by Telemann are identified by TWV numbers (for example, Sonata in F Major, TWV 41:F1). TWV is an abbreviation for *Telemann Werkverzeichnis*. This thematic catalogue—*Thematisch-Systematisches Verzeichnis seiner Werke: Telemann Werkverzeichnis* (Kassel: Bärenreiter, 1984)—was compiled by Martin Ruhnke.

Antonio Vivaldi

Works by Vivaldi are identified by RV numbers and/or by F numbers (for example, Concerto in A Minor, op. 3, no. 6 RV 356/F I:176). RV is an abbreviation for *Ryom Verzeichnis*. This thematic catalogue of Vivaldi's works—*Verzeichnis der Werke Antonio Vivaldis: kleine Ausgabe* (Leipzig: Deutscher Verlag für Musik, 1974, 2nd ed. 1979) was compiled by Peter Ryom. The F numbers were assigned by Antonio Fanna in *Opere strumentali di Antonio Vivaldi (1678–1741): catalogo numerico-tematico secondo la catalogazione Fanna* (Milan, 1986).

Anhang

Some catalogue numbers include the prefix Anh. (for example, *Notenbuch der Anna Magdalena Bach*, BWV Anh. 114). Anh. is an abbreviation for Anhang, a German word meaning appendix or supplement.

WoO

Some catalogue numbers include the prefix WoO (for example, *Sechs Menuette*, WoO 10). WoO is an abbreviation for Werk ohne Opuszahl (work without opus number). These numbers are used to designate works for which the composer did not assign an opus number.

Frequently Asked Questions

Practical Examinations

What is a practical examination?

A practical examination is an assessment of repertoire, etudes, technique, ear training, and sight reading for a musical instrument, voice, or speech arts and drama.

How can I obtain permission to photocopy an out-of-print selection that I find in a library or receive from a teacher?

Contact the publisher to request permission to make an authorized photocopy. Contact information for most publishers can be found online or obtained from a music retailer. Some music retailers can obtain authorized photocopies through a special online service.

Can I photocopy a page of music to facilitate a page turn?

You may photocopy a single page once you have obtained permission from the publisher.

With this notice, The Frederick Harris Music Co., Limited grants permission to festival, recital, and examination participants to photocopy single pages from their publications to facilitate a page turn.

How do I choose the best edition for a piece?

The best editions often have minimal editorial markings. These editions, often called Urtext, are available from most music retailers. If you are unsure about the best edition, ask your music retailer for suggestions.

Should candidates follow repeat signs? *Da capo* markings?

Candidates should observe *da capo* markings at an examination performance. Repeat signs should usually be ignored; however, repeat signs should be observed if indicated in a footnote below the music in *Viola Series, 2013 Edition* or if indicated in the *Viola Syllabus, 2013 Edition*.

Why are teachers and parents not allowed in the room during practical examinations?

Practical examinations provide a unique opportunity for candidates to perform in a highly focused, one-on-one environment, without distraction.

Where can I find recordings of examination repertoire?

Viola Series, 2013 Edition includes compact discs containing piano accompaniments for *Viola Repertoire* from Preparatory to Grade 8. A compact disc is included with the purchase of each *Viola Repertoire* book.

What do I do if I have an emergency situation on the day of my examination and I need to cancel?

Contact the Examination Centre Representative listed on your Examination Schedule by phone *as soon as possible*.

Theory Co-requisites

What is a theory co-requisite?

A theory co-requisite is a theory examination that must be completed before or within five years of the practical examination if the candidate wishes to receive a certificate for the practical examination. Candidates are encouraged to begin theory studies as early as possible.

Do I have to take theory examinations if I don't need a viola examination certificate?

You may take a viola examination at any grade except ARCT without fulfilling theory requirements. If you later decide that you would like to receive a certificate, you have five years from the date of the viola examination to fulfill the theory requirements. Candidates must complete prerequisite examinations in theory at least one session prior to attempting the ARCT in Viola Performance or the Teacher's ARCT.

Where can I find sample theory examination papers?

Official Examination Papers are published annually by The Frederick Harris Music Co., Limited to aid with examination preparation. Each book includes three examinations from the previous December, May, and August examination sessions plus an additional examination created for extra practice. Editions for three academic years are available at any given time and may be purchased from your local music retailer.
